Please make sure that the following parts are enclosed:

- A. Fixture including crossbar strap
- B. Allen Wrench 2 mm
- C. Allen Wrench 5 mm

Be sure to turn off the circuit breaker before installing this fixture. It is recommended that this fixture be installed and hung by a licensed electrician.

Mounting Instructions

1. Unscrew the lower nut (D) with the allen wrench (C), lower the finished column (E) to reveal the canopy (F) and crossbar strap (G).
2. Unscrew and remove the wing-nuts to release the crossbar strap (G) from the canopy (F).
3. Mount the crossbar strap (G) to the outlet box.
4. Connect the wires from the fixture with the wires in the outlet box according to generally accepted electrical standards.
5. Slide the canopy (F) over the crossbar strap and tighten the wing nuts to secure the canopy to the crossbar strap (G).
6. Slide the finished column (E) up to the canopy. Screw the lower nut (D) back in with the allen wrench (C) to hold the finished column (E) in place.
7. Each reflector arm is held in place with a set-screw on either side of the finished column. Use allen wrench (B) to loosen the set screw and adjust the height and rotation of either reflector.

ASSEMBLY INSTRUCTIONS FOR

Semi-Flush LED Ceiling Fixture

INVADER No. 9902*LED

INVADER 9902*LED

Technical Specifications

LED: 2x Seoul Semiconductor LED (120 V)
Light Output: 3200 Lumens equivalent to 250 W Halogen
System Power Consumption: 35 Watts
Light Color: 2700 Kelvin / CRI: 80
Dimmer: Full-range dimming of <10% - 100% with a conventional wall dimmer.

Care Instructions

Use only a soft, dry cloth to clean. If necessary, a slightly damp, soft cloth can be used to spot clean. Do not use common household cleaners on lamps or fixtures, as the lacquer on the outside of the brass may be damaged as a result. Enjoy your new Holtkötter lamp.
