EPSILON LED Table Lamp

Technical Specifications

LED: 1x LED

System Power Consumption: 20 Watts

Light Output: 3000 Lumens

Light Color: 2700 Kelvin / CRI >90

Control/LED Driver/Dimmer: Touch Dimmer

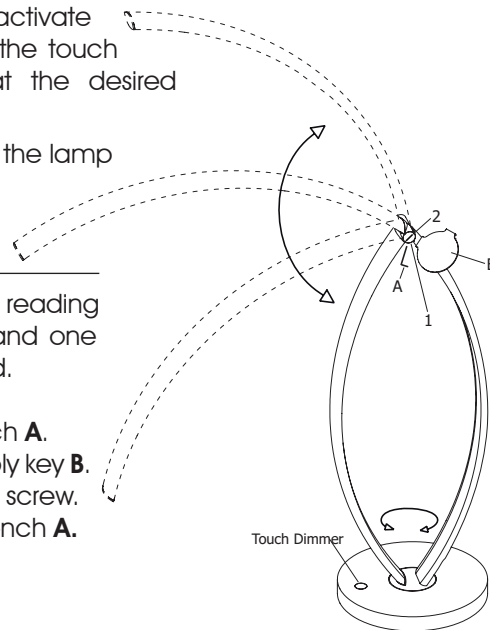

Dimmer Function

1. Press the touch pad once to turn the lamp on. The "memory" function of the dimmer automatically sets the lamp to the last setting used.
2. Press and hold the touch pad to activate the dimmer function. Let go of the touch pad when the lamp is set at the desired brightness.
3. Press the touch pad once to turn the lamp off.

Reading Arm Adjustment

For fine adjustment of the joint on the reading arm, one 1.5mm (A) allen wrench and one assembly key (B) have been provided.

- Loosen set screw **1** with allen wrench **A**.
- Loosen straight screw **2** with assembly key **B**. Adjust arm angle and tighten straight screw.
- Retighten set screw **1** with allen wrench **A**.

ASSEMBLY INSTRUCTIONS FOR LED Table Lamp "EPSILON" No. 9200*LED

Care Instructions

Use only a soft, dry cloth to clean. If necessary, a slightly damp, soft cloth can be used to spot clean. Do not use common household cleaners on lamps or fixtures, as the lacquer on the outside of the brass may be damaged as a result. Enjoy your new Holtkötter lamp.
